Galapagos Day Tours

TINTORERAS, WETLANDS (BIKE), TORTOISE BREEDING CENTER, FLAMINGOS

TOUR DESCRIPTION

We will reach the highlands by car, then we will visit Tintotreras Islet where we will spot marine iguanas, Galapagos hawks and sometimes we can even see white tipped sharks resting in a lava tunnel. Afterwards those who want to snorkel can do it in the bay. After lunch we will visit the Wetlands by bike: . This is a mangrove area protected by the RAMSAR convention. Along the trails we will pass by the Wall of Tears, which is a remain of the time the island was still a penal colony. We can also spot marine iguanas, Darwin finches and reintroduced tortoises. We will complete the visit with the nearby tortoise breeding center and the flamingo lagoon.
